Students entering 6th, 7th and 8th grade work with LEGO Robotics to complete three challenges: a triathlon, a green city challenge and a sumo bot competition. Each of these activities is highly challenging and can be adapted based upon the student level of robotic experience. Students build robots, learn to program them, consider design, and test their robots to accomplish their goals.</p><p>Near the end of the program, participants model a spirit of "gracious professionalism" (a concept defined and supported by the FIRST organization: usfirst.org) as they compete against one another in a competition on June 23, 2015 on the Lakeland campus.</p><hr/><p>Dates: Jun 10, 2015 - Jun 24, 2015      Time: 9:00 AM       FULL SCHEDULE</p><hr/><p><b>Location</b> Winter Haven</p><hr/><p><b>Cost Information</b> Tuition: \$ 360.00</p></div>
